

One Day Divine Principle Workshop How to Restore Human Values

Bucharest, Romania, 25. January 2014

Greetings from Romania. We concluded the second week of street JeonDo (Witnessing) of this year, 2014, with great enthusiasm, a revived spirit and a lot of hope for the future and for Romania Providence. We felt this past week that things have settled down more in terms of the way we organize time and responsibility from the view of the whole and from individual point of view, thus, we had many lectures during the week and a slight increase of number of guests coming for Introduction.

The end of the week, we were blessed with amazing weather, Heavenly Parents wanting us to challenge and grow more, temperatures dropped and the

blizzard started on Friday evening, one day before the workshop. We were happy to have this opportunity to properly see who truly has desire to study Divine Principle and who doesn't. The workshop started 10 minutes late, but full of energy, as from 9 new guests invited 5 came and 3 remained until the end of the program, also making appointments for next week.

Our lecturers offered fiery lectures, conveying True Parent's teachings with practical examples and also a small game to show the importance of purity, which concluded the Human Fall lecture with a strong feeling of responsibility in our guest's hearts.

After the lectures, we shared lunch together, starting with a sincere prayer from our MC, and afterwards we had Happy Day, a one hour program of social games to enable us to make more heartistic bond with our guests.

The workshop program ended at around 15:00 making appointments, and discussing about the lectures, and answering questions about our activities and True Parents' teachings.

We believe that the precious guests that came despite the harsh weather are truly more prepared, and they're attitude during and after the lectures supports this claim. We would like to offer our

sincere gratitude for our beloved Heavenly Parents for guiding them towards us, and us towards them; we absolutely believe that if we offer enough JeongSung (sincere devotion), we can truly bring joy to Heavenly Parents, and we would like to offer our sincere gratitude for all the brothers and sisters working hard for the world wide providence, because this is the way we can move the Spirit World in our favor to truly fulfill True Parent's vision and Heavenly Parents dream.

I would like to offer this report, with gratitude and hope, for our Beloved Heavenly Parents,

Aju ! Thank you very much, Aju.
